A MESSAGE FROM MII

During this uncertain time, we want you to know that we are in this together, and we're here to support you. We'd like to assure you that we are diligently following guidelines and best practices from the NHS and the Foreign & Commonwealth Office in order to keep you, your deliveries and your family safe. We continue to keep cleanliness as our top priority as we always have, but are taking even more precautions during this time.

Our warehouse and couriers are operating as normal and all orders will be safely packed and dispatched. Stay safe and continue to wash your hands regularly, we'll promise to deliver your favourite products as normal to your doorstep.

Love

Mii
